Feb 23, 2015 has anybody tried tomb raider 30 with the oolite engine? how did it pan out? I have found the dungeon crawl (2-3) and capture of the flag (1. in steam so i can download and play the latest mods. Then there is an error (media serial not found). I have just downloaded starbound, got the starbound patcher, extracted the files, installed and setup the bultin Oct 30, 2014 Hi, trying to get Starbound to work I got error code 98 on "AppID not configured". how can I get it to run? This are the things I did: Downloaded Starbound v1.0 "Data.4.11.7" from steam. Trusted archive. Started internet browser window; navigated to storefront and downloaded the latest version of Starbound. Extracted contents of starbound.exe to a folder on my desktop. I think I also deleted the contents of that same folder and reinstalled but not sure. Rebooted machine. Started internet browser window; navigated to a subfolder of the desktop, containing a folder named Starbound. Then I started Starbound from inside that folder. Error code 98 = Application ID not configured. I know there has been good news lately about this (more than once today). However I do not know how to get around this error. Aug 9, 2014 Tomb Raider: Definitive Edition! FREE! Convert and Play (PC/Steam). You do not need a previous version of the game to play the new version. Do not update it now. Please wait a few days for more information. My Steam version is 4.2. I have never had this error before. I have Tomb Raider (2013). It says my app ID is not configured, and it tells me to go to B.A.S.E. This thing gets worse all the time, though. Oct 25, 2015 I have been having problems with my Steam account for a while now. Basically, most of my games are no longer downloading on Steam. Its at the point where I cannot download, or play. The only games I can play seem to be from some old games, that I have not played in years. The only solution is to delete my account, and re-add it. The last time I tried to do this, it told me that my "AppID ba244e880a
