A year later, in 1970, a tip was passed along to Los Angeles Police. The photo came to light during a divorce trial Polanski was involved in at the time with Sharon Tate, a former actress and wife of director Roman Polanski. By 1973, Tate and Polanski had moved back to the U.S. while Polanski was preparing to shoot the cult classic "Rosemary's Baby." It was at this time that Tate and Polanski had a very public fight, and Tate told people that Polanski raped her in their home. They returned to the U.S. to settle their divorce and by 1977, Tate was pregnant with Polanski's baby. The couple had another confrontation that summer and, shortly after that, Tate mysteriously disappeared. According to the book, Tate and Polanski had sex again while she was pregnant, and Polanski had become obsessed with filming the details of the sex acts, instead of them filming the stars. "The consequences were that he began to have sex with me in the middle
