Anyone who has ever been on an airplane has probably looked out the window and seen the wing of the plane that is closest to them. They don't think much about that, as this is just part of flying. However, on the TGV it was interesting to watch how the wing actually moves up and down. The Doctor is not happy with the other inhabitants of U. During a trek on the island, his companions discover a magic lamp that turns out to be one of the Time Lords. With an unexpected reunion at the Tardis, the Doctor, Graham, Ryan, and Yaz face a trial by quest against his allies and the sadistic dictator, who controls half of the cosmos. On a mysterious desert planet, the Doctor and his companions encounter a Dalek ship which they need to destroy. A schoolgirl is going through her first period when she is visited by an enigmatic man who claims to be her long-lost friend Danny. But who is this Danny? When a group of invaders attack Earth, the Doctor, Sarah Jane Smith and their allies are divided into two factions: one dedicated to stopping the aliens, and the other to getting rid of them. When a group of teenagers start acting strangely, a government scientist arrives to investigate. What is it about this group of teenagers that concerns him? When the Doctor finds himself on the spaceship of a doomed race, he realises that a greater threat to the universe exists. When two scientists have a theory that could reveal the answer to the mystery of life itself, they also create the Doctor as their lab creation. When the Doctor returns to his home
