No. 10,716), the seedling having been selected in the summer of 2004 at a wholesale perennial nursery in Zeeland, Mich., USA. The female (seed) parent of 'JEFJEF04' is an unnamed Hemerocallis 'Sugar Daddy' seedling, the male (pollen) parent of which is an unnamed Hemerocallis 'Olyro' (unpatented). The resulting seedling, 'JEFJEF04', was selected in the summer of 2004 and was first asexually propagated in the winter of 2004 in Grafton, Wis. The present invention has been found to be stable and reproduce true to type through successive asexual propagations via tissue culture, using 'Yoshida', a proprietary tissue culture plant No. 7-318-1, as the seedling parent. Plant Breeder's Rights
