Organize:Me gives you the possibility to create a list of events that you can keep track of and be sure you won't miss the due date. Easily create a to-do list Rather than fill your desktop or office with sticky notes at the risk losing them, you can arrange important things you need to remember in a personal list of tasks. The User interface's familiar design will get you up and running in no time. Entries are

---

shown in a large enough workspace, where you also find a navigation panel for quick access to folders in which tasks are kept. The simple press of a button will bring up a small window where you are required to complete a couple of text fields and

For most of us, keeping track of tasks is the stuff of nightmares.

Organize:Me takes the hassle out of it, allowing you to define your own list of tasks, edit them easily, and give them a place on the calendar for quick access.

As a bonus, you can define groups and subgroups for specific types of tasks.

Create a task - Define a task by selecting from a set of types and

---

options - Set the start and due date of the task - Set the task's priority (high, medium, low, or normal) - Define the task's group - Set the task's status Add a calendar - Add the task to a calendar and set its due date - Create recurring events from your task list - Check task completion through an event report

**\*\*IMPORTANT\*\*** In addition to being a task list manager, Organize:Me is also a tool to organize your time by creating lists of your tasks that can be

---

separated into projects. The planner allows you to:

- Create lists for projects
- Import and export lists and projects
- View your task and project lists from any computer
- Manage projects and tasks from a variety of devices including Android, iOS, Mac, and Windows computers and tablets, as well as mobile phones
- Check your projects and tasks from any computer.

---

most simple and straight forward calendar I've ever used. It's the most important thing that I look forward to using on a daily basis! Works well for me so far! 4 By TJaturnips So far, this app does exactly what it says it will. App free but pft! 1 By GJb App was free when I signed up but I haven't seen a cent of money since. Why is this the case and how can I get my money? You won't pay for an app that is free! 1 By Shoma Bhatti You will

---

not pay for an app that is free. Even if you advertise it as a paid app for \$0.99 the people who download it will be told it is free and will have to pay up before they can use it. There's no cost for the app unless you want to try it and decide to buy. Why is there no free version anymore? 1 By beebeee1 What happened to the free version? How is the app? happened to the free version of this app? How is the app? What is the release date for the free version? Haven't seen any updates. 1 By Bulimoonguinma After 3 weeks of being active on the app store, there's no updates, I am not even getting the notice of an update being ready. I really don't understand what's happening. I have given it 5 stars to keep my rating and for anyone thinking of buying this app, be sure to
