Dropbox allows anyone to upload and transfer files to the cloud, and share them with anyone. Back up and sync documents, photos, videos and other files in the cloud ... According to Digital Trends, Dropbox is preparing to launch its own analogue of the Google Drive cloud service. This became known during the conference for developers Devcon, which was held in Seoul. Dropbox will allow anyone to upload and transfer files to the cloud, as well as share them with anyone. Your documents, photos, videos and other files will be automatically backed up and synced to the cloud.
