

Explore best of Ngorongoro Tarangire and Serengeti Safari Packages!

If you have ever dreamt of holidaying in Africa, then how could you forget about the Serengeti? Countless wildlife movies have been shot in the Serengeti for different reasons. This is the home of the Great Migration and is perhaps one of the last true natural wonders on Earth.

Serengeti National Park

Serengeti National Park is a World Heritage Site rich in wildlife. It is home to more than 2 million ungulates, several thousand lions; thousands of leopards, hundreds of cheetahs, and almost 500 bird species within 15,000 square kilometers.

Ngorongoro Tarangire

Tarangire National Park and Ngorongoro Crater National Park are a combination of the best Northern Circuits that the tourists can enjoy the best wildlife experience. Both the parks are located in the northern part of Arusha that are adjacent to Lake Manyara and Serengeti National Park.

Are you planning for an Ngorongoro Tarangire and Serengeti Safari? Then, you should choose the best packages associated with these both Ngorongoro Tarangire and Serengeti parks. Join us with Afromasai Eastern Safaris Limited to explore the best Serengeti and Ngorongoro Safaris involving 10 days!

The plains of the Serengeti are dotted with trees and kopjes from which majestic lions rule the kingdom, taking a look at the Great Migration or spot the elusive leopard in the riverside forest. See it all from the air and soar above the plains during a sunrise hot air balloon safari.

There are accommodations in all price ranges, and the night Lion Roar is free. Few places have such pristine natural wonders, exciting wildlife, and world-class safari lodges and camps.
